Swift POS Touch

www.swiftpos.com.au

Integrated Web Store for your SwiftPOS System

MOBILE SUPPORT
Support for all major desktop and mobile browsers. There is no need for separate Apple, Android, Microsoft Phone apps to install or maintain.

ONLINE ORDERS
Web Store orders arrive at the POS Terminal location or to an Email address. This feature can be configured to force users to pay when ordering, pay when picking up or allow the user to choose when to pay.
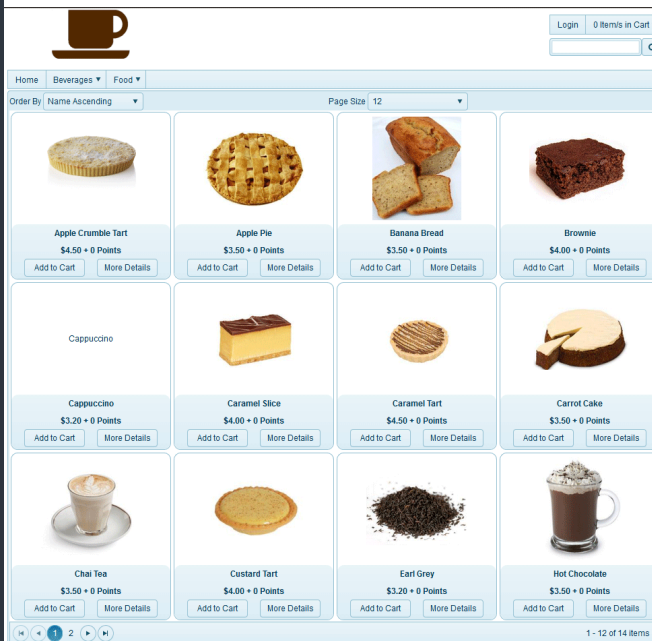

MEMBER UPDATE
Allow members to update their own membership details, charge up an account or use their member points to redeem for produces or services.

MULTI LOCATION
Multiple web stores and member portals can be run from a single back office database.
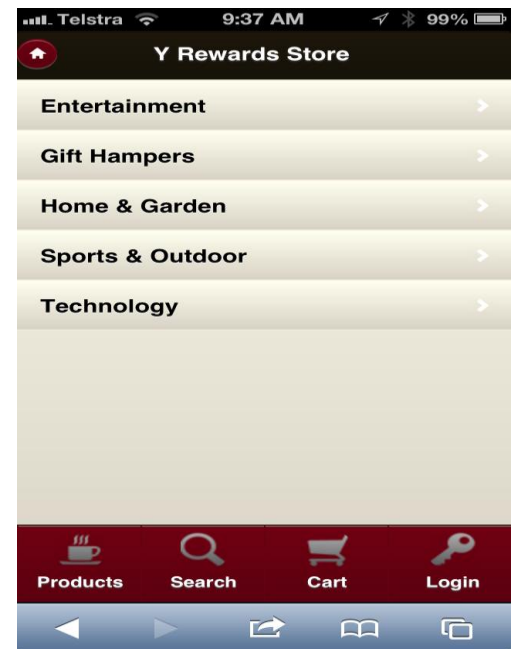

THEMES
Each web store and member portal can have a different theme, all share the same theme or a combination of both.

- **Sell your products across the web!**
- **Payment Gateways**
- **Smart Phone support**
- **Easy to Use and Setup**
- **Database Integrated**
